Verbs: Past, Present, and Future Tense

Verbs are words that show an action or state of being. The **verb tense** tells when the action happened. When the verb tense changes, the verb often changes its spelling. The three major tenses are:

- past (yesterday, earlier, long ago)
- present (today, now, currently)
- future (tomorrow, later, next year)

Example: Run

Past She ran yesterday. Present She <u>runs</u> past me today. **Future** She will run tomorrow.

The progressive tense is formed when you add the helping verb "to be" and the suffix -ing.

Past Progressive She was running yesterday. **Present Progressive** She is running today. Future Progressive She will be running tomorrow.
